Honorable Kathleen Parker
Los Angeles Superior Court
111 N. Hill
Los Angeles, California 90012

Dear Judge Parker:

I am familiar with the case of Elmer Geronimo Pratt and am convinced that he is innocent of all charges against him.

As more evidence is revealed everyday, unequivocally proving Geronimo Pratt's innocence, his continued imprisonment is an outrageous affront to Mr. Pratt's human rights.

The National Task Force for Cointelpro Litigation and Research has worked for years to uncover the conspiracy which has caused Mr. Pratt to be held illegally for 9 years, much of it in solitary confinement. Now the evidence is clear and there is no justification for continuing his imprisonment.

Therefore, I demand the immediate release of Elmer Geronimo Pratt from prison.

Sincerely,

cc: Ms. Ashaki Pratt
