National Tour Sponsored by: Movimiento de Liberacion Nacional (MLN), National Committee
to Free Puerto Rican Prisoners of War, National Coordinating Committee Against Repression
New Movement in Solidarity with Puerto Rican Independence and Socialism

The Movimiento de Liberacion Nacional (MLN) is a national, Marxist-Leninist, Puerto Rican and Chicano /Mexicano organization which works towards the independence of Puerto Rico as a priority. We believe the the Puerto Rican and Chicano/Mexicano peoples and their allies form the rearguard for the movement for independence, and we take leadership from the Chicano/Mexicano people in their struggle for liberation.

The National Committee to Free Puerto Rican Prisoners of War is a national organization which mounted a campaign leading to the release of the five Puerto Rican Nationalists and which works to free all Puerto Rican Prisoners of War.

El Komite de California contra la Represion is part of the National Coordinating Committee Against Repression which is striving to build unity between the Chicano/Mexicano and Puerto Rican peoples by supporting each others struggles for national liberation, in addition to struggling against US repressive agencies like the police, FBI, Migra, Grand Juries, etc. We are planning a study group on the Puerto Rican Independence struggle for people who wish to increase their understanding and support of Puerto Rican Independence.

The New Movement in Solidarity with Puerto Rican Independence and Socialism is an organization committed to providing solidarity with the Puerto Rican independence struggle and to building support for the developing peoples war for independence, particularly for Puerto Rican Prisoners of War and for the struggle in Vieques. We will be holding study groups in the near future for people who want to learn more about the struggle and become involved in solidarity work.
